NEWS RELEASE

November 20, 2009

Short form Offering of Units

Sego Resources Inc. (“Sego” or the “Company”) has entered into an agreement with Northern Securities Inc. (“Northern” or the “Agent”), whereby Northern has agreed to act as agent and to offer for sale on a commercially reasonable efforts basis pursuant to a Short Form Offering Document up to 8,000,000 units at a price of \$0.08 per unit for gross proceeds of up to \$640,000 (the “Offering”). Each unit (a Unit”) will consist of one common share and one transferable purchase warrant (a “Warrant”). Each warrant will be exercisable into one common Share for a period of 60 months from closing at an exercise price of \$0.12 per share during the first 24 months, \$0.15 per share during the second 24 months, and \$0.20 per share for the last 12 months from closing.

Sego will pay the Agent a commission equal to 10% of the gross proceeds of the Offering (the “Commission”). Further, Sego will issue to the Agent, at closing, non-transferable options equal to 20% of the number of Units sold pursuant to the Offering (the “Agent’s Options”). Each Agent’s Option will be exercisable into one Agent’s Unit (having the same terms as the Units) at the price of \$0.08 per Agent’s Unit at any time prior to the date that is 60 months from Closing. The Agent shall also receive a lead broker fee equal to 5% of the gross proceeds of the Offering (the “Lead Broker Fee”). The Commission is a cash commission and the Lead Broker Fee is payable at closing in either cash or in units of the Company at an issue price of \$0.08 per unit, or any combination thereof, at the discretion of the Agent.

The net proceeds of the Offering will be used for continued exploration of the Miner Mountain Project and for general working capital.

Sego Resources Inc.’s primary project is the Miner Mountain Project a Copper Gold Porphyry Project near Princeton, BC, 15 kilometres north of Copper Mountain Mining Corporation’s former copper producer, (closed 1996) that is now planning to re-start production in 2011 following its recent favourable feasibility study. The Miner Mountain Project is situated within the Traditional Territory of the Upper Similkameen Indian Band with whom Sego has an MOU. The Miner Mountain property is 2400 hectares in size.

The Offering is subject to the approval of the TSX Venture Exchange. The Short Form Offering Document will be available on SEDAR at www.sedar.com.
